

THÖNI KOMPRESSOR

The lightweight compressed air hose made out of polyester yarn with an oil resistant rubber lining and a ripped EPDM outer-coating.

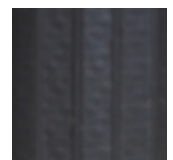

STRUCTURE

- weaving made of high tenacity multifilament polyester yarn, circular woven
- inner layer made of high-quality nitrile blend
- ripped EPDM outer-coating

ADVANTAGES

- low weight (approx. 2/3 lighter than conventional hoses)
- flat rollable and therefore small space requirement
- resistant to oil, petrol and chemicals
- resistance to low and high temperatures (-30°C to 70°C)
- UV-light and ozone resistant
