

THÖNI STABIL-AIR

This semi rigid and oil resistant compressed air hose is an ideal addition to our lightweight, flat rollable KOMPRESSOR types.

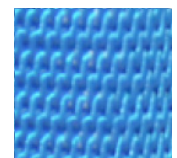

STRUCTURE

- semi rigid, circular woven hose made of high tenacity multifilament polyester yarn
- inner layer made of high-quality nitrile blend
- exceptionally good adhesion values thanks to special vulcanizing process

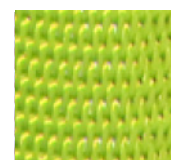

ADVANTAGES

- low weight and high flexibility
- small wall thickness and therefore small space requirement
- small roll diameter
- resistance to low and high temperatures (-30°C to 70°C) – short term up to 120°C
- UV-light and ozone resistant
