

Extensible Centering Guides

Technical Features:

Extensible Guide made in high quality steel is particularly suitable for centering rotating and chain nozzles. Supplied with an hexagonal "T" key which permits a rapid widening and narrowing of the guide, saving operator time.

Versatile equipment for different DN sewers.

Extensible centering guides

Part n.	Description	Hose connection 	DN	Dimension ØxL (mm) 	Weight (Kg) 
22600.01	Extensible Guide for DN 8" - 24"	3/4" - 1" - 1 1/4"	200 - 600	Closed L770x180 - Open L770x600	13,00
